LEBANESE INTERNATIONAL UNIVERSITY

Major Title: Master of Computer Science
Major Code: MCS
Level: graduate
Number Of Credits: 36
Date: 30-09-2026

Master of Computer Science (MCS)

Program Objectives

Objective	Description
PO-1	demonstrate a broad knowledge of Computer Science
PO-2	demonstrate the ability to recognize, design and implement efficient software solutions to problems
PO-3	communicate effectively and become successful professionals to gain employment and to be accepted into a Computer Science Ph.D. program

Program Learning Outcomes

Outcome	Description
PLO-1	Identify, analyze, and synthesize scholarly literature relating to the field of computer science
PLO-2	Have a breadth of knowledge in different current and advanced computer science topics.
PLO-3	Evaluate multiple points of view for analyzing and integrating information to conduct critical reasoned arguments
PLO-4	Evaluate multiple points of view for analyzing and integrating information to conduct critical reasoned arguments
PLO-5	Identify computing problems and formulate corresponding research plans to solve problems in any related discipline
